UNIQUELY SOUTH
AFRICAN RED

PINOTAGE

A pure expression of lovely cherry, wild strawberry and ripe raspberry aromas supported by refined tannins. Bright and juicy.

A fresh approach to a uniquely South African variety. Pinotage is a part of our heritage and adds to the authenticity of our cellar. Fermentation with whole berries took place in open top fermenters. Soft techniques were used to extract colour, fruit and tannin. The wine was aged a further 10 months in seasoned French oak barrels.

Our Pinotage is planted on sandy shale soils with clay subsoil with supplementary drip irrigation. Vines age 10 years.
